

PROFESSIONAL SUMMARY

E-commerce, data governance, and digital marketing specialist with 6+ years managing global teams (EU, LATAM, EEMEA), large-scale product catalogs, and content operations. I bridge data integrity with commercial execution: auditing SKUs and metadata, building SEO-driven content and email lifecycles, mapping checkout funnels for conversion, and applying OSINT and AI-driven workflows to turn data into growth. Lean Six Sigma Green Belt with hands-on Shopify and Salesforce ecosystem experience.

EMPLOYMENT HISTORY

Data Quality Analyst & Content Operations | Beliani Remote

JUN 2022 — PRESENT

- Verified and localized 8,000+ SKUs (PT/EN) through systematic audits, reducing data discrepancies by 43% and driving the Portuguese market to a Top 5 Global Revenue position.
- Scaled the email subscriber list from 7K to 25K through automated lifecycle workflows and audience segmentation.
- Ensured strict consistency in terminology, attributes, and metadata across international product listings.

Quality Reviewer & Compliance Data Analyst | Veeva Systems Remote

AUG 2018 — NOV 2024

- Led a global team of 25+ specialists across EU, LATAM, and EEMEA markets.
- Authored SOPs and QA frameworks that reduced operational error rates by 40% and improved accuracy by 30%.
- Maintained a 98% accuracy record across large-scale identity and data verification using OSINT and multi-source techniques.

Data Scout & Fraud Reviewer | Indeed Inc Remote

AUG 2018 — JAN 2020

- Identified non-compliant entries and fraud indicators with 96% accuracy.
- Applied structured risk-based assessment frameworks to identify fraudulent activity.
- Standardized taxonomies, reducing indexing errors by 20% and improving automation reliability.

Digital Support Assistant / E-commerce Infrastructure | Newgreenfil Lisbon

FEB 2020 — JUL 2020

- Built the digital foundation for "Jóias Online" from scratch, including product catalog, content, and B2B lead-generation workflows.
- Audited 2,000+ products to ensure technical SEO and data consistency.
- Delivered a 30% increase in high-value in-office visits through targeted lead generation.

Content Moderator / Marketing Assistant | Vdesk Paphos

SEP 2016 — AUG 2018

- Increased web traffic by 70% through data-driven content strategy and performance monitoring.
- Mitigated high-risk content threats across 5+ global platforms while maintaining a 90%+ satisfaction rate.

Research Analyst & Trainer | Public Sector Loures & Almeirim, Portugal

JUN 2010 — JUL 2016

- Produced data analyses and research papers for the Observatory of Trafficking in Human Beings (OTSH).
- Delivered specialized training on THB procedures and legal frameworks to public servants at Câmara Municipal de Loures.
- Taught as an educator at Câmara Municipal de Almeirim.

PERSONAL PROJECTS

Bitsnostalgia — Retro E-commerce Concept

- Designed and built a full Shopify storefront from Figma wireframes through to launch — homepage, dynamic filtering, product pages, and blog content.

Independent eBay Seller (2007 — Present)

- Nearly 900 completed sales with 100% positive feedback, specializing in retro gaming and hardware.
